

Fee Waiver — North Attleborough Public Schools (Oct. 1, 2026)

Mr. Ford,

Thank you for your email. We are willing to waive the fee. However, please understand that this is a one-time exception and should not be viewed as a guarantee that fees will be waived in the future. As you know, requests of this nature require a significant commitment of staff time, which is why the law permits districts to assess reasonable fees. We appreciate your understanding and, in this instance, are willing to absorb that cost.

Please be on the lookout for our response next week.

Thank you.

John Antonucci, Superintendent
North Attleborough Public Schools
